Acting Movies The system c cannot speak Resources Resources	Researchers found that through the SC@UT project, the child can express needs like going to the toilet or hunger, as well as states as being happy, sad, or tired.		
Movies cannot speak Resources Researchers of disruptive being			2
Resources disruptive be	The system could also be used by adults with cerebral palsy, or by adults who cannot speak for different reasons like heart attack, thrombosis, etc.		
	Researchers claim that improved communication will lead to a decrease in disruptive behaviour in disabled children. Consequently, the use of that display could also diminish aggressiveness in autistic children.		
Links become frust	ated when they hrough SC@U	y cannot comn	ent aggressive behaviour because they municate with others. If they can m would disappear," Science News
