

This is an intriguing idea that will be explored further in projects spawned by the ESF workshop. This may

nanotechnology research Posted: Nov 3rd, 2008

Physicists overcome roadblock to using nanoelectro-mechanical systems for digital logic and memory applications Posted: Nov 3rd, 2008

New method measures how strain affects thin films of silicon Posted: Nov 3rd, 2008

Solar power game-changer: 'Near perfect' absorption of sunlight, from all angles Posted: Nov 3rd, 2008

Hundreds explore nanotechnology at UAlbany NanoCollege's Community Day Posted: Nov 3rd, 2008

Trustee makes donation to start new solar energy research center at provide a new twist to the idea that life arrived from space. It may be that the precursors of life came from space, but that the actual carbon based biochemistry of all organisms on Earth evolved on this planet.

The workshop, Euroice2008 was held in Granada, Spain in October 2008
