Cops, thieves, ordinary people apply different logic when making decisions

From ANI

Washington, May 5: Police officers and criminals are more consistent in their judgements than ordinary people, according to a new study.

policemen and ordinary people reason differently than criminals when making decisions. That is, they reason in different ways.

The research was conducted by Rocmo Garcma-Retamero from the Department of Experimental Psychology and Behavioural Physiology of the University of Granada, and Mandeep K. Dhabhi from the Institute of Criminology (University of Cambridge, United Kingdom).
