

Fundación Medina, Centre of Excellence in Discovering Innovative Drugs, at Biospain

PAMPLONA, Spain, September 30, 2010 /PRNewswire/ -- Fundación MEDINA, created in 2008, is a non-profit public-private partnership between Merck Sharp and Dohme de España S.A., the Junta de Andalucía and the University of Granada, to discover new compounds and innovative therapies for unmet medical needs.

Its foundations come from the former Merck Basic Research Center in Madrid (CIBE), including CIBE's assets and know-how, and over 50 years of experience in drug discovery from natural products and preclinical evaluation of drug candidates. For more information visit:
