## FRANCIA

### CONTRATACION DE PROFESORADO DE ESPAÑOL EN FRANCIA

La administración educativa francesa está dividida en entidades territoriales denominadas Académies que gestionan, entre otros asuntos, la contratación de personal docente. En algunas de ellas se pide que el candidato mande una serie de documentos (CV, carta de motivación, títulos, etc.) a una determinada dirección postal o un email de contacto; en otras, sin embargo, se solicita que el candidato se dé de alta en una aplicación gestionada por la propia Académie en la que se le solicitarán los datos necesarios.

Información general sobre las Académies en Francia:

<http://www.education.gouv.fr/cid3/les-rectorats-services-departementaux-education-nationale.html>

Listado de los espacios web dedicados a la contratación de personal docente

en las distintas Académie <https://goo.gl/MZv4zg> En los enlaces siguientes, encontrará información sobre centros privados y ofertas de empleo: <http://www.enseignement-prive.info/> [http://www.enseignement-prive.info/emplois/offre\\_emplois](http://www.enseignement-prive.info/emplois/offre_emplois)

### Consultant en Mobilité internationale (H/F)

CDD de

9 mois / Temps partiel 24 heures par semaine L'ILL doit sa position de leader dans son domaine, entre autre, au caractère international de son personnel, avec des salariés non français travaillant dans tous les domaines de l'organisation. Afin de continuer à recruter et retenir les talents internationaux, il est crucial de fournir aux nouveaux arrivants et à leur famille un support et des ressources pour les aider à s'adapter à leur nouvel environnement de travail et à leur vie dans la région de Grenoble. L'ILL a créé un "Fonds d'Aide à l'Intégration" (FAI) dont le but est de proposer et financer des mesures d'intégration personnalisées qui sont mises en oeuvre par le Groupe Recrutement & Intégration de l'Institut. <https://goo.gl/NivlQ>

### Research Scientist (M/F)

Duties: The ILL Diffraction group operates a large suite of powder and single crystal

diffractometers to carry out collaborative research programs in various areas of chemistry, physics, materials science, engineering, and protein structure. We are seeking for a scientist working on the D20 diffractometer. <https://goo.gl/ojSxCP>

### Business Developer (H/F) Projets scientifiques et techniques

Duties: Situated at the crossroads of technology and science, the ambition of the "Large-scale instruments Characterization" programme of IRT Nanoelec is to foster innovation in the field of micro- and nanoelectronics by providing a bridge between, on the one hand, Grenoble's largescale research facilities, namely the Institut Laue-Langevin, the European Synchrotron Radiation Facility (ESRF) and the LPSC (Laboratory of Subatomic Physics and Cosmology), and, on the other hand, the CEA and several major industrial partners. Within the framework of this programme, the Platform for Advanced Characterisation – GRENOBLE (PAC-G) has been set up in order to satisfy the advanced characterisation needs of industry, and in particular the electronics sector. In

order to strengthen its deployment, the PAC-G is looking for an engineer to develop this new service offering. <https://goo.gl/QLcvmC>
