

Call for Papers

The 8th International Conference on Transportation Information and Safety (ICTIS 2025)

16 -19 July 2025 | Hotel Abades Nevada Palace, Granada, Spain

Conference Spotlight Theme:

Artificial Intelligence
Transportation + ----- : Making a Sustainable World
Green Energy

The 8th International Conference on Transportation Information and Safety (ICTIS 2025), sponsored by China Communications and Transportation Association (CCTA), IEEE Intelligent Transportation Systems Society (IEEE-ITSS), Canadian Society for Civil Engineering (CSCE), co-organized by Granada University, Wuhan University of Technology and Liverpool John Moores University, will be held in Granada, Spain on July 16th to 19th, 2025.

We would like to invite you to submit contributing papers with the research topics regarding transportation information and safety to the ICTIS 2025. The accepted papers will be published by the Proceedings of Institute of Electrical and Electronics Engineers (IEEE) and will be indexed by Engineering Index (EI) citation.

Topics:

- Advanced Transportation Information and Control Engineering
- Green, Intelligent, and connected Vehicles
- Traffic Operation and Transportation System Management
- Transportation Behavior, Safety and Security
- Transportation Environment and Sustainability
- Large Model and AI for autonomous driving
- Waterborne Transportation Safety, Accident Prevention and Emergency Response
- Waterborne Transportation Intelligent Management
- Autonomous Ships and Smart Shipping
- Salvage and Underwater Technology
- Reliability and Green Technology for Ships
- Aviation Intelligent Management and Safety: Theory and Method
- Multimodal and Emerging Transportation Systems
- Rail Transportation Intelligent Management and Safety
